Examiner's Statement of Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: claims 2 and 25 are allowable for setting forth a food slicing device having a cover, a guide slot for guiding a blade, a stop for partially obstructing the guide slot, and a linkage assembly connected to the cover and the stop. As the cover moves from an open position to a closed position, the linkage assembly moves the stop away from the guide slot to allow the movement of the blade in the guide slot. As the cover moves from the closed position to the open position, the linkage assembly moves the stop to obstruct the guide slot to prevent the movement of the blade.

For example, Kidushim et al. (US Pub. 2002/0151266 A1) teach a food slicing device comprising a guide for guiding a blade and a cover. However, Kidushim et al. do not teach a stop for partially obstructing the guide, and a linkage assembly connected to a cover and the stop.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phong H. Nguyen whose telephone number is 571-272-4510. The examiner can normally be reached on Mon-Fri.
